DETAILED ACTION

Allowable Subject Matter

Claims 13-26 are allowed.

Claims 13-26 are allowable over the prior art of record, none of the prior art whether together singularly or in combination to teach the claimed combination as recited. The closest reference No. 5,581,487 does not disclose or suggest the improvement of the instant application comprising converting, using the transformation rule, second instrument coordinates of an imaged point into non-instrument-dependent coordinates of the Digital Imaging and Communications in Medicine coordinate system; instead reference '487 discloses transforming first instrument coordinates of a point image into an instrument-independent coordinate system and are stored in a memory and then are transformed from the instrument-independent coordinate system into a second instrument-dependent coordinate system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
